

## Camp scheduled at Monroe elementary

HAMILTON — A summer camp for students in grades four to six who do not qualify for intervention summer school is scheduled to begin June 9 at Monroe Elementary School.

There will be three weekly sessions with different themes which are through a national program, "Camp Invention," according to Hamilton school district officials. Transportation, breakfast and lunch are provided.

Programs scheduled for the all-day camps include designing new safety features for cars and skateboards, designing carnival games using math principles and taking a three-year journey to Mars, officials said.

Reservations are due today, May 23. For information about fees or to make a reservation, contact Kathy Wagonfield at (513) 887-5150.

## Duke providing upgrades at camp

FAIRFIELD TWP. — Duke Energy employees will put the finishing touches on improvements to Camp Timber Hill today, May 23, in the final

phase of a community service project.

Volunteers from the company are installing new grills throughout the campground and putting a kitchen shelter there onto a new campground, Duke officials said. This is made possible with a \$1,000 donation from the company.
